March 6, 2014

Dear Sir or Madam,

It is with great pleasure that I write this letter of recommendation for RABU Diagnostic Services and their staff. I have worked with Dr. Buda and Dr. Randazzo for several years now. They have performed pre-employment physicals and collected drug screens sample for my candidates. I have found that they deliver consistently accurate and concise information on candidates seeking employment with GEICO. The hair samples submitted for the drug screen testing have consistently been acceptable to the lab processing them, so I get a quick result, which helps me clear candidates to begin work for the company. This accuracy saves my company valuable time and money, because drug screens don't need to be repeated.

I have never hesitated calling the doctors when I had a concern, or if I had a question regarding a candidate. I have always found the doctors eager to help in any way they could. We have developed an excellent working relationship over the years and I am pleased to recommend them to anyone who seeks to work with them.

Also important to know, I have always found the staff, answering the phones, to be courteous, knowledgeable, and always willing to help. This group is rare and positive; combination that I'm sure will enhance any organization that chooses to work with them.

Sincerely,

Katherine Siegel RN BSN

Sr. Occupational Health Nurse, Geico
